# Conference

## **FECCA's Conference is Australia's pre-eminent multicultural Conference**

The Federation of Ethnic Communities' Councils of Australia (FECCA) is the national peak body representing Australians from culturally and linguistically diverse (CALD) backgrounds. In conjunction with the Multicultural Council of Tasmania (MCOT) we invite you to partner with us to show your support for the 2019 FECCA National Conference.

FECCA's Conference is Australia's pre-eminent multicultural Conference. The Conference provides a forum for discussion around multiculturalism and social inclusion in Australia.

Held every two years, the Conference draws together leading decision makers, thinkers and practitioners to discuss and debate key issues that relate to Australia's cultural and linguistic diversity. These are explored through a series of plenary addresses, panel discussions and presentations. The 2017 FECCA Conference attracted over 470 delegates and it is anticipated that the 2019 Conference will exceed that number.

The Organising Committee believe multiculturalism begins with recognising the rights and place in society held by Australia's First Peoples and the rich cultural heritage that their communities have long nurtured.

### **Who will attend?**

- CALD community representatives
- Community sector leaders
- CALD service delivery organisations
- Senior bureaucrats from Federal, State and Local Government
- Cultural diversity practitioners

### **The Program**

The Conference format will change in 2019. There will be less oral presentations and more interactive sessions and workshops. This will enable us to work with the delegates to solve some of the most important issues, and leave Hobart with a clear strategy to achieve our goals.

We also want to continue to lead the conversation on important issues, and delegate input, energy and passion is crucial in shaping those conversations.

We are proud to partner with innovative organisations like SBS to bring all participants the best experience, best speakers and practitioners, ample time to network with Delegates, Partners and Exhibitors and a conference to remember.

The Conference will also provide opportunities to share knowledge and best practice, to highlight challenges and to explore possibilities with a network of organisations and individuals who share a common vision – a prosperous, creative and progressive multicultural Australia.

## Who should support FECCA 2019

If your organisation works in the cultural diversity field, or supports cultural diversity, you cannot afford to miss the partnership and supporter packages on offer for the FECCA 2019 Conference.
